Hi Giordon,

The Graduate Division Outstanding Postdoctoral Fellow selection committee received many highly qualified nominations for recognition, and I write on behalf of the Graduate Division to inform and congratulate you in your selection as an Outstanding Postdoctoral Fellow awardee for 2021-22! This important recognition comes with \$1500 and a specially engraved AnnieGlass platinum-bordered tray!

**The USPA will announce the awardees at their annual symposium on May 24<sup>th</sup>** (<https://uspa.ucsc.edu/symposium/>). We hope you plan to attend so you can receive the award in person. We If you are unable to attend the symposium, please let us and the USPA (cc'd) know.

The \$1500 prize may be used toward professional development during your postdoctoral staff position at UCSC. Such expenses may include travel, accommodation, and fees to attend professional development conferences, workshops, classes, seminar, other training, lab equipment, etc. To use the funds, please submit requests to Sonya Newlyn (cc'd).

Best regards,

don
